on South Seventh Street

On Friday 23rd May, MP Mark Lancaster visited the new MK office of Neves Solicitors to see for himself the expansion that Neves have achieved in MK since the opening of its first office in October 2005.

The MK office has grown from the initial one fee-earner room to the new dedicated site which now provides a base for seven fee-earners and 25 support staff across five practice areas, with ample room for planned future expansion.
